

# Approved Vendor List

## OPERATING SYSTEMS

### Digital Equipment Corporation

- VAX/VMS, Alpha VMS, ULTRIX and ISF/1
- DECdts (Digital Distributed Time Service)

### Hewlett Packard

- HP3000 & HP9000 Series & HPUX

### IBM AS/400, AIX

### LINUX

### Microsoft Windows 2000, 2003, XP, NT, ME, 98, 95, 3.1

### Novell Netware 3, 4, 5, 6

### Sun Solaris

### UNIX

## CONSOLES

### Avtec – Contact Avtech at 803-892-2181

- ACCESS
- DSPatchNet

### Baker Audio/Telecom – Contact Baker Audio/Telecom at 770-446-1891

- DISPATCH Works

### IPC Command Systems, Inc. – Contact IPC at 856-222-5900

- TDM -150
- T-5

### M/A-Com – Contact M/A-Com sales office for assistance.

- C3 Maestro

### Modular Communications Systems – Contact Moducom at 770-962-3790

- UltraCom Pro & NT

### Motorola – Contact Motorola local sales office

- MCC 5500
- CENTRACOM II Plus & Gold Series
- SIMS II Version 2.4 through 3.2
- SITE LENS

### Penta – Contact Penta at 504-733-1700

- PCx Communications Control System

### Plant\*CML – Contact Plant\*CML at 909-719-2100

- COM-STAR

### Positron – Contact Positron at 800-361-2596

- Power Radio

### Zetron – Contact Zetron at 425-820-6363 ext. 605

- Series 4000, 4008, 4020, 4048, ACOM

## CCTV

### Integrated Technologies – Contact Integrated at 317-845-9242

- Firstline Video DVX 16000

### Pelco – Contact Pelco at 800-289-9100

- Endura Product Line (SM5000 Series System Manager)
- 9760 Video Matrix & DX9000 Digital Video Recorder

### Phillips – Contact Phillips at 800-326-1450

- Video Matrix Switcher

## ALARM RECEIVERS

### Digitize Inc. – Contact Digitize at 973-663-1011

- System 3000, 3500, & 3505

### Keltron Corporation – Contact Keltron at 781-894-8710

- DMP703, DR703LE, DCR703, DMP704
- CSD703, PLM703, PET400

## DISPATCH MANAGEMENT SOFTWARE

### GBH Telcom, Inc. – Contact GBH Telcom, Inc at 714-557-0254

- Telsolve & TELSTAR

## ANI/ALI911 SWITCH

### Avaya – Contact Avaya at 866-462-8292

- Definity G3
- MultiVantage

### Motorola – Contact your local Motorola sales representative

- CENTRALINK 2000
- Palladium

### Nine-One-One – Contact Nine-One-One at 303-426-1911

### Nortel – Contact Nortel at 905-863-4578

- Meridian

### Plant\*CML – Contact Plant\*CML at 909-719-2100

- ECS-1000 & RESCUE-STAR
- MAARS
- VESTA
- PALLAS

### Positron Industries – Contact your local Positron sales agent

- VIPER
- Lifeline 100
- Power 911
- Phrend

### Proctor & Associates – Contact Proctor & Associates at 425-881-7000

- ANI-LINK

### TCI – Contact TCI at 256-881-4000

- TC1100, TC1200, AM550, ALIPRO, GEO-Dispatch, & GEO-Mobile

### Teltronics – Contact Teltronics at 941-753-5000

- Telident

### 10-8 Systems – Contact 10-8 Systems at 727-791-4737

- On Duty Solutions

### Zetron – Contact Zetron at 425-820-6363

- 3022, 3030, 3200, Integrator

## ROUTERS

### Cisco

### Juniper

\* Spectracom NetClocks and Ethernet Time Servers can synchronize any router that employs NTP/SNTP timing protocol.

## SERVERS

### HP

### IBM

### Stratus

\* Spectracom NetClocks and Ethernet Time Servers can synchronize any server that employs NTP/SNTP timing protocol.

## WALL CLOCKS

Synchronized wall display clocks from Spectracom come in two sizes: TimeView® 210, 2.3" digits and TimeView 400, 4.0" digits. They connect to the master clock RS-485 output with twisted wire pair that can run up to 1500 feet. Other wall clock manufacturers we can provide time synchronization to include:

### Midwest Time – Contact Midwest Time at 918-272-9430

- Model DRC

## OTHER DEVICES

- Zetron** – Contact Zetron at 425-820-6363
- Paging Controller Model 2200
  - TDD – Model 3030

## VOICE RECORDERS

The recorder manufacturers listed below have developed interfaces for the NetClock® Master Clock.

- Advanced Integrated Recorders Inc.** – Contact AIR at 800-220-1209
- Air 2000

- Alliance Recording Systems**
- Enterprise, Express, Express Lite 800-571-0911

- ASC Telecom** – Contact ASC at 914-644-6444
- Marathon Pro, Compact & Advanced

- Atis, Ltd.** – Contact Atis at 770-664-4744
- Model MS-600, PL-24, PL-200, PL-2000
  - Atis Advantage
  - Atis IR-30 and IR-40 Instant Recall Recorder

- CadCom Telesystems** – Contact CadCom at 888-355-1083
- DigoVoice

- Comverse Info. Systems** – Contact Comverse at 800-967-1028
- DVL1000 & DVL2000

- CVDS, Inc.** – Contact CVDS at 514-426-7879
- ComLog Loggers

- Dictaphone** – Contact your local NICE sales office for assistance.
- 5000 Series Call Checks
  - 5900 Series Call Checks
  - 6600 Recall Recorder
  - 9000 Series
  - 9800 Series
  - Freedom
  - Guardian
  - ProLog
  - Sentinel

- Dynamic Instruments, Inc.** – Contact Dynamic at 858-278-4900
- DI-936 PRO Digital Recorder
  - DI-939E Digital Recorder
  - Reliant

- Eventide** – Contact Eventide at 201-641-1200
- VR 204, VR 240, VR 320, & VR 3241
  - DIR 911

- Exacom** – Contact Exacom at 603-228-0706
- VCR-2020 Archival Network Recorder
  - VCR-2020 Instant Recall Recorder
  - Hindsight
  - EARS-20001R
  - V6

- JEI** – Contact JEI at 888-677-2844
- DVR-D
  - DVL

- Magnasync** – Contact Magnasync at 323-962-0382
- Specialist

- Mercom Systems** – Contact Mercom Systems at 201-507-8800
- AudioLog

- NICE Systems (formerly Thales/RACAL)** – Contact NICE at 800-431-4815
- NiceLog
  - Mirra/Mirra Series 2/Series 4
  - NiceCall Focus
  - Wordnet Series 1, 2, 3
  - Wordsafe, Wordsafe Maxima
  - Freedom

- Panda Voice Systems, Inc.** – Contact Panda at 888-767-2632
- BlackVox Voice Recorder

- Plant\*CML** – Contact Plant\*CML at 909-719-2100
- Pyxis

- Quantum** – Contact Quantum at 800-358-7020
- Digital Atis

- Record/Play Tek, Inc.** – Contact Record/Play Tek at 219-845-5233
- VT7700 Voice Tracker

- Racal** (see NICE Systems)

- SEI** – Seltronics (see Witness/Eyretel)

- Stancil** – Contact Stancil at 800-782-6245; in California call 714-546-2002, ext. 316
- Ten-4

- Swift Computers, Inc.** – Contact Swift Computers at 281-240-5885
- SmartSTOR

- TEAC America, Inc.** – Contact TEAC at 213-726-0303 ext. 752
- DCR
  - CR-400 Series Recorder
  - CR-500 Series Recorder
  - LA-2000

- Voice Print** – Contact Voice Print at 800-200-5430 ext 5231
- VP Series Loggers

- Witness/Eyretel Systems** – Contact Witness at 800-4-WITNESS
- Model E500 & E1000

- Zetron** – Contact Zetron at 425-820-6363
- 3022 Instant Recall Recorder

## COMPUTER AIDED DISPATCH SYSTEMS

Computer Aided Dispatch Systems typically rely on the internal computer clock for time. CAD manufacturers have written programs to reset the internal computer clock with the NetClock data stream. This data stream is read by the CAD system via an RS-232 port or NTP.

CAD Vendors	Models	Phone #
